**Job purpose**

The post holder will contribute to the creation and development of substantive new digital scholarship service in the area of Extended Reality (XR).

This role will support the library with a variety of recording methods (e.g. Structural Light scanning, Photogrammetry, RTI, 360 videos, 4D) and the development of innovative interactive experiences that will effectively increase engagement and access to the Library and University collections.

**Key accountabilities/primary responsibilities**

| % Time | 
|--------|---|
| **1.** Develop strategies, promoting, delivering and evaluating sustainable approaches to the digital recording of the library and university collections through: |
| | Application of professional knowledge of a variety of recording methods (e.g. Structural Light scanning, Photogrammetry, RTI, 360 videos, 4D) ensuring that approaches are quality assured and technically sound, managing resources effectively |
| | Development of scalable innovative solution to increase the accessibility of the library and university collections based on expert knowledge sharing best practice and re-purposing where appropriate |
| 25 % | 
| **2.** Develop strategies and approaches to the creation of engaging XR experiences through: |
| | Development of innovative interactive storyboard using a variety of media (including the use of 3d models, digital tours) to maximise accessibility and the engagement with the Library collections. |
| | Designing, developing, promoting, delivering and evaluating innovative sustainable and scalable XR experiences based on expert knowledge sharing best practice and re-purposing where appropriate |
| 25% |
4. Contribute to services, including expert individual consultations on digital heritage and digital scholarship topics (e.g. creation and application of tools to increase engagement, virtual/mixed reality, data visualisation, and image and sound manipulation); leading innovative practice in digital heritage approaches by investigating developments in research, education and recording/engagement technique and working in partnership with academic and professional services colleagues. 15%

5. Manage and contribute to fixed term institutional projects (as appropriate), including externally funded projects with national project partners, negotiating with stakeholders and ensuring requirements are delivered to timescale. 10%

5. Support the development of library policy, planning and strategy by providing expert review and reporting in specialist areas of responsibility, identify new opportunities, and work collaboratively with colleagues from other teams on planning and implementing agreed changes. 10%

6. Line manage direct reports, exercising good people management practices including mentoring, coaching, training, advice and guidance as necessary. Ensure the right mix of skills and capabilities through continuous professional development, recruitment and performance feedback. 5%

9. Actively engage in a range of training and development opportunities and to be an active participant in developing skills and knowledge, engaging with the wider team and the University. 5%

10. Any other duties as allocated by the line manager following consultation with the post holder. 5%

### Internal and external relationships

<table>
<thead>
<tr>
<th>Relationship Type</th>

</tr>
</thead>
<tbody>
<tr>
<td>Library senior management</td>
<td></td>
</tr>
<tr>
<td>Other members of the department/University staff (E.g. Digital Learning Team, Digital Humanities)</td>
<td></td>
</tr>
<tr>
<td>External suppliers (e.g. archive management systems)</td>
<td></td>
</tr>
<tr>
<td>Relevant professional contacts (e.g. other HEIs, professional networks)</td>
<td></td>
</tr>
<tr>
<td>End users (staff and students)</td>
<td></td>
</tr>
</tbody>
</table>

### Special Requirements

Additionally the post holder will be required to:

- Show personal commitment to the values of the service: excellence, creativity, community and integrity
- Demonstrate commitment to maintaining knowledge and awareness of the information and higher education environment through continuing personal and professional development
- Fulfil the responsibilities for employees and managers set out in the University Health and Safety Policy and associated procedures
- Demonstrate commitment to equality and diversity

Post holders may be expected to work at various UK campus locations to support the delivery of their role (e.g. when needed to access collections located at a specific UK campus).

There may be occasions where you may be required to work outside of your normal working hours (e.g. Open days or Visit Days as per the university Calendar).
## PERSON SPECIFICATION

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Essential</th>
<th>Desirable</th>
<th>How to be assessed</th>
</tr>
</thead>
<tbody>
<tr>
<td>Qualifications, knowledge and experience</td>
<td>Skill level equivalent to achievement of HND, Degree, NVQ4 or basic professional qualification in the area of Digital Art, Game Design, Heritage related subjects (e.g. Digital Humanities, Archaeology, History) or other relevant subject. Understanding of how the 3D recording and engaging XR experiences provided by the post-holder support the objectives of the University. Able to apply an awareness of principles and trends in 3D recording and engaging XR experiences and how this affects activities in the University. Knowledge of how to use 3D modeling, texture mapping, and other techniques to create engaging graphics, visual effects, and animations. Excellent creativity and artistic skills. Understanding of composition, realism, texture, colour, and lighting. Able to maintain updated industry knowledge of tech development and trends in 3D recording and engaging XR experiences.</td>
<td>A strong portfolio of previous work and completed projects in heritage for education and research purposes. Previous experience of working with Heritage and Higher Education institutions. Experience of AR/VR development. Experience with UI/UX. Knowledge of Reality Capture, Metashape or equivalent. Strong working knowledge of industry-standard software, including 3ds Max, V-Ray, Sketch Up, Unity, Unreal or equivalent.</td>
<td>Application / Portfolio / Interview</td>
</tr>
<tr>
<td>Planning and organising</td>
<td>Able to seek opportunities to progress a broad range of activities within professional guidelines and in support of University policy.</td>
<td>Experience of successful project management of heritage content.</td>
<td>Application / Interview</td>
